

RULES OF WORLD BOXING ASSOCIATION (ASOCIACION MUNDIAL DE BOXEO)

A. GENERAL

1. **Purpose.** These Rules are intended to further the purposes of the Association, set out the norms by which the Association carries out the authority granted it under the Bylaws, and provide members and boxers the standards and obligations applicable to ratings, sanctioned bouts, and other Association activities.
2. **Application.** These Rules apply to all actions and decisions of the Association regarding ratings, sanctioning of bouts, conduct of bouts, requests for explanations or reconsideration, appeals, and related matters, and apply to all members, affected boxers, and their agents. In addition, any legal claim or action against the Association by a member, boxer, manager, promoter, or his or its agent is governed and limited by these Rules, including Rule F.18. Any boxer ranked or recognized as a champion is bound by these Rules.
3. **Interpretation.** The authority to interpret these Rules is within the sole discretion of the committee and committee chairman assigned the matter under these Rules, and finally with the President. In the case of an appeal, that authority lies with the particular appeals panel and finally with the President. In those instances when an interpretation is warranted because of questions arising out of differences in translation between English and Spanish, the Committee Chairman and President shall render an interpretation, consistent with the intent of the Rule. Previous rules and interpretations thereof may be considered when appropriate for interpretation of current WBA rules.
4. **Preemption.** These Rules apply to all matters within the jurisdiction of the Association. However, application of any Rule that is in conflict with a mandatory provision of law duly adopted and enforced by a national, state, or provincial

government, authorized national or local boxing commission shall be superseded thereby.

5. **Notice.** Because there is no international official registry of addresses or related information for boxers on which the Association can rely, it shall use reasonable efforts to ascertain such information. Such efforts may rely on information previously submitted by boxers or their agents found in the public domain. The WBA may notify boxers through their agents, or via the WBA's website.

B. RATINGS

1. **Committee**. The President shall appoint no fewer than three (3) and no more than five (5) members to a Ratings Committee for terms established by the President. The President may also appoint non-voting members to advise and consult with the Committee. The President shall designate the Committee's Chairman (Presiding Member). To the extent practicable, regional representation may be reflected in membership. The names of the Committee members shall be posted on the Association's website.
2. **Gathering Information**. The regional federations affiliated with the Association may send the Committee information concerning the fights held under their jurisdictions for boxers rated by the WBA, as well as other relevant records for boxers eligible for future ratings by the Committee. The Committee may also receive and consider information provided by any member, or anyone representing a boxer who wishes to be rated.
3. **Conferring**. The Committee shall confer and otherwise exchange information regarding ratings at such time and in such manner as established by the President or Chairman.
4. **Publication**. The Association shall publish a periodic list of rated boxers consisting of at least ten (10) and no more than fifteen (15). The ratings should be announced and posted timely on the Association website in the month following the month to which the ratings apply.
5. **Relevant Information**. The Committee may consult and consider the WBA Ratings Guidelines in including, removing, promoting, or demoting boxers. These guidelines are found as Appendix B to these Rules. The Committee may consider all relevant information, including, but not limited to, ring performance, regional titles, bout activity, disqualifications, win-loss records, difficulty of bouts, technical decisions, failure to make weight, and any other

relevant information. The Committee may consider ranking regional title holders, taking into consideration their relevant records.

6. **Demotion and Removal**. In addition to the above, the Committee may demote or remove a boxer from the ratings based on any relevant factor, including, but not limited to, ring performance, failure to maintain the required weight, loss to a non-rated boxer, loss of a regional title, inactivity, violation of these Rules (including failure to pay or allow to be paid sanction fees), or any other relevant factor. A boxer also may be demoted or removed due to extraordinary events or activity, including, but not limited to, proven or alleged criminal behavior, conduct that violates boxing regulations or rules, suspension by a responsible authority, or other public behavior or statements of a type that would affect the boxer's ability to be licensed to compete or that are detrimental to public perception of the sport of boxing.
7. **Changed Weight**. A rated boxer who changes weight categories is not assured any rating in his new weight category.
8. **Nature of Ratings**. Ratings represent the best opinion of the Association as to the relative qualification of the boxers in particular weight categories at a particular time and who are available and willing to fight for the Association's title. Their retention by a boxer is conditioned on compliance with these Rules. They do not constitute personal property, and are not transferable. Their issuance does not constitute a contract or an element of a contract. Any boxer affected by a change in rating may take such action as provided in chapter E, below.
9. **Bylaws Reference**. These rules constitute the "Norms and Procedures for Ratings" cited in the Bylaws.

C. CHAMPIONSHIPS.

1. **Belts**. The Association shall adopt a World Championship Belt as a distinctive symbol for the Champion in each recognized weight category. These belts shall be awarded to the champion recognized by the Association.
2. **Super Belts**. Similarly the Association will grant Super Belts to those champions that make 5 or 10 (if it was the case) successful defenses of his title. These Super Belts will be named after those champions that have been able to defend their title 5 or 10 times. See Appendix C for a listing of boxers who are qualified for a Super Belt.
3. **Committee**. The President shall appoint no fewer than three (3) and no more than five (5) members to a Championship Committee, for terms established by the President. The President may also appoint non-voting members to advise and consult with the Committee. The President shall serve as an ex officio member of the Committee. The President shall designate the Committee's Chairman (Presiding Member). The names of the Committee members shall be posted on the Association's website.
4. **Votes**. The Committee shall confer in such a manner and at such times as directed by the Chairman. A majority of the Committee (not counting the President) shall constitute a quorum to consider and to decide any issue. A majority vote is sufficient to take action, unless a two-thirds vote is required specifically elsewhere in these Rules.
5. **Manner of Voting**. The Chairman is empowered to request the vote of the members of the Committee in person, or by mail, telephone, telex, cable, telegram, fax, e-mail or any other similar means or any combination thereof. Notice of a vote generally should be given to committee members and to any

identified parties with a cognizable and direct interest in sufficient time for them to be apprised of the issues related to the votes.

6. **Titles**. The Association shall establish and recognize world championships and matches related thereto in each weight category or division established in its regulations.
7. **Application**. All boxers rated by the Association, or recognized by the Association as champions, official contenders, Registered Promoters, or participants in a sanctioned bout, are bound by these Rules and are required to be familiar with them.
8. **Title Matches**. An Association title can only be obtained as the result of a match duly authorized by the Championships Committee. Unless otherwise approved under rules C.46 – C.49, only boxers rated by the Association are eligible to fight in sanctioned contests.
9. **Single Title**. An Association Champion can have only one world title in one division at the same time. If a World Champion wishes to fight for a title in another division, he must apply in writing to the Championships Committee for approval and must present a signed document undertaking that, in the event he wins the fight and obtains the other title, within five (5) days of the fight he will choose the title he wishes to retain and relinquish the other title. Failure to comply with any of these provisions is sufficient cause for the Championships Committee to withdraw recognition from him of either title or both titles.
10. **Non-Sanctioned Bout**. An Association Champion or officially recognized contender who participates in a fight without the approval or sanction of the Championships Committee may have his title or recognized status removed by the Committee Chairman.
11. **Title Defense Periods**. Unless otherwise directed by the Championship Committee, a boxer who obtains a title by defeating a champion must defend his title as follows:

- a. Non-Heavyweight Division: If the Official Contender, within nine (9) months from the date the title was obtained; if not the Official Contender, within one hundred twenty (120) days.
 - b. Heavyweight Division: If the Official Contender, within twelve (12) months from the date the title was obtained; if not the Official Contender, within one hundred eighty (180) days.
12. **Vacant Title Defense Periods.** A boxer who obtains a title in an eliminator fight for a vacant title must defend the title as follows:
- a. Non-Heavyweight Division: Within one hundred and twenty (120) days from the date the title was obtained.
 - b. Heavyweight Division: One hundred and eighty days (180) from the date the title was obtained.
13. **Bout Limitations.** Before the date by which he must commit to a mandatory defense of his title against a Mandatory Contender or the next Leading Available Contender designated by the Committee, a World Champion may defend his title against any opponent rated by the Association in his category. Within sixty (60) days of the expiration of the mandatory defense period, a World Champion may not fight a boxer who is not the Mandatory Contender, or the next highest ranked boxer (if there is no Mandatory Contender), nor may a designated contender fight during the same period for anything other than the championship. During the pendency of a required contract negotiation or purse bid period for a championship or eliminator fight, no champion, official contender, or boxer directly affected by the period can sign an agreement for, or participate in, a bout different than the one that is the subject of the negotiation or bid period.
14. **Rules Familiarity.** Each boxer, promoter, and boxer's agent is under the obligation to know and be familiar with all Association rules, including, but not limited to, those regarding time periods concerning obligations to defend,

compete for a title, and for Special Permits. If a champion fails to comply with any rule of the Association, the Chairman of the Committee may declare his title vacant. Likewise, failure by an official contender to comply with any of these rules can result in removal by the Chairman of recognition as official contender.

15. **Non-Title Bout Loss.** A loss in any bout, including a non-title or non-sanctioned bout, may result in loss of the boxer's title or contender status.
16. **Modifying Defense Periods.** In its sole discretion, the Championships Committee may reduce, extend, or otherwise modify the periods for mandatory defenses for good cause, either in response to a request for a Special Permit, or on its own initiative.
17. **Unified Title.** The Association will recognize a World Champion as a Unified Champion when he is also recognized as world champion in a comparable weight class by one or more of the other sanctioning organizations. Likewise, it may also recognize a Unified mandatory contender. Unless otherwise provided for by the President in accordance with special terms under which a title may be obtained and retained, only one Champion shall be recognized in each weight division.
18. **Super Champion Status.** In exceptional circumstances, the Championships Committee and the President may designate a Champion (other than an Interim Champion) as a Super Champion. The President and Committee may establish criteria for a Super Championship. In such a designation, the Committee President shall determine conditions and requirements of defenses and retention of such a title, including, but not limited to, the following:
 - a. Mandatory defense period;
 - b. Sanction fees, including purse fees for both title and non-title bouts;
 - c. In what manner and at what time an official contender for the Super Title shall be named; and
 - d. Such other conditions as the Committee and President deems warranted.

An official contender for a World Championship Title shall not thereby be considered to be an official contender for a Super Championship. A Super Champion who loses a title or non-title bout shall have no right to be ranked thereafter in his category. If the Committee and President designate a Super Champion at the time the boxer is a World Champion, they may also suspend the provisions of Rule C.27 and other rules applicable to a World Championship inconsistent with the conditions and requirements under which they have designated a Super Champion. If a President and Committee designates a Super Champion, the vacant regular title need not be filled.

19. **Unified Title Defense.** A holder of a unified title is subject to all rules requirements, including those regarding mandatory defense. In the intermediate period between the mandatory defenses, a Unified Champion will be able to defend his title against any opponent chosen from the official ratings list of the Association, or of the organizations recognized and with the approval of those organizations. Unless the defense is against the Association's Mandatory Contender, approval must be obtained through a Special Permit.
20. **Other Organizations.** The Association will endeavor to work with other sanctioning organizations to minimize any incompatibility in requirements for unified titles.
21. **Unified Bout Fees.** Fees for unification bouts are governed by the schedule at Appendix D, but may be reduced within the sole discretion of the President.
22. **Champion in Recess and Interim Title.** When a World Champion is unable to defend his title within the prescribed time periods for debilitating medical reasons, legal reasons beyond his control, or any other justifiable reason the inactive champion may be named a Champion in Recess, and the Committee may select official contenders who will fight for an Interim Title under Rules C.22-24. The medical reasons must be documented to the satisfaction of the Medical Committee Chairman, who also may require separate medical

examinations. Legal reasons must be documented to the satisfaction of the Legal Director and Championships Committee. In general, the status of “Champion in Recess” may not be for a period longer than the applicable defense period.

23. **Return of Champion in Recess.** When a Champion in Recess returns after having overcome to the satisfaction of the Championships Chairman whatever obstacle that caused his inactivity, the Association may order a title bout between the Champion in Recess and the Interim Champion, if one exists, or against another boxer designated by the Committee. If the Champion in Recess is returning from a medical recess, the Chairman may consult with the Medical Committee Chairman and may require the boxer to provide documentation and undergo an examination before he is allowed to return. If the inactivity period of the Champion in Recess extends for more than six (6) months, the Interim Champion may be obliged to make his first mandatory defense against a boxer designated by the Championships Committee no later than six (6) months counted from the day he won the Interim Championship. A Champion in Recess cannot defend his title as Champion in Recess, and may lose his status if he boxes anyone other than the Interim Champion.
24. **Sole Championship.** If the Champion in Recess or Interim Champion is unwilling to participate in a contest to determine a sole champion in the division, he will lose his portion of the title, with the willing champion becoming the recognized Champion of the division. If both the Champion in Recess and the Interim Champion refuse to participate in a required fight, both shall lose their titles.
25. **Rematches.** Rematch provisions in bout contracts are not binding on the Association.

26. **Contested Decisions.** A bout decision may be contested by a boxer if within ten (10) days of the decision the boxer submits payment of a \$10,000.00 fee, and the following:
- a. A concise statement by the boxer or his authorized agent setting forth the grounds on which the challenge has been brought, arguments and authority in support, and identification of other persons with a material interest likely to be affected by a decision on the challenge.
 - b. For the person filing the challenge, the following information:
 - A postal address;
 - An email address (if one exists);
 - A facsimile address;
 - A telephone number; and
 - A signature of the boxer on whose behalf the challenge is filed.
 - c. If the challenge is signed by someone other than a boxer, a certified statement of authorization by the boxer to file the challenge.
- For good cause, the President may waive all or part of the fee. The Committee may request that the International Officials Committee, or a special officials committee, evaluate the fight and give their opinion and recommendations to the Committee. The Championship Committee, in its sole discretion, may order the boxers fight a rematch.
27. **Title Vacation.** A title may be lost or vacated for any of the following reasons:
- a. Loss in a bout (see Rule C.15);
 - b. Violation of Association rules; or
 - c. Suspension by a national, state, or provincial agency.
28. **Filling Vacant Title.** In the event that a World Championship is declared vacant, generally the two (2) highest rated available boxers shall be designated by the Committee to fight for the title, and shall have no more than thirty (30) days to submit a bout agreement.

29. **Mandatory Contender Selection.** A Mandatory Contender for each weight division may be selected by the Championship Committee or through an eliminatory bout. The selection may be subject to conditions. Generally, the highest rated boxer in the division, or regional champion rated in the top 5, shall qualify to be named the official contender by the Championships Committee, unless he is, or is likely to be, unavailable to fight for the title in the period required. The Committee may remove a boxer as Mandatory Contender for failure to comply with these Rules or a condition of appointment.
30. **Elimination Bout.** The Championships Chairman may notify the two highest ranked available boxers, or the highest ranked available regional champions, or a combination thereof, of the obligation to meet in an elimination bout to become a mandatory contender, giving them dates by which the negotiations must commence and be concluded. In exceptional circumstances, the Committee may designate the elimination bout to determine a Mandatory Contender simultaneously as a bout to determine an Interim Champion solely under this rule. A Mandatory Contender who also serves as an Interim Champion may not engage in a bout to defend or otherwise place in contest the Interim Championship title nor may he unify the title with another or be recognized as a Unified Champion. All aspects of the Interim Championship under this section are governed by the rules applicable to a Mandatory Contender and not Rules C.22-24, except that the Committee has the discretion to appoint as Champion the Interim Champion under this rule in the case of a title vacancy.
31. **Box Off.** In the alternative, the Championships Chairman may order a Box Off between four (4) available ranked boxers to determine the mandatory challenger in a specific weight class. The Chairman may consider the highest ranked regional champions, and will give the selected contenders dates by

which the negotiations must commence and be concluded. If a boxer is unwilling to participate in a Box Off, the Chairman may designate another challenger. No extensions of time will be allowed for participation in an elimination or box off bout.

32. **Negotiation Period: Elimination Bout or Box Off**. The Championships Chairman may grant boxers selected to participate in an Elimination Bout or a Box Off a negotiation period of no more than 30 (thirty) days to reach an agreement. If no agreement is reached within the time indicated, the Chairman shall call a Purse Bid.
33. **Removal for Failure to Participate**. If a boxer declines to participate in an Elimination Bout or Box Off, he may be demoted in, or removed from, the rankings.
34. **Bout Fees**. The fee schedules for sanctioned contests are attached as Appendix D to these Rules.
35. **Fee Payments**. The Registered Promoter who has requested or been granted sanction of a bout is responsible for payment of all sanction fees, and must submit documentation of payment to the Chairman, together with the formal application for the sanction of the fight and a copy of the contracts between the promoter and the boxers duly signed by them no later than thirty (30) days before the bout. No boxer or boxer's agent shall have any authority to direct a promoter to pay, nor may a promoter pay, any less than the full amount of the sanction fees owed. Fees shall be determined by the Association based on the total purse owed the boxers. Fees based on the purse of both boxers must be paid. Failure to comply with any of these requirements may result in non-sanction of the contest and removal of recognition of any boxer participating in the bout. The Chairman or President may modify the requirements of this section in his sole discretion for good cause.

36. **Fees: Vacated Bouts.** If a fight does not occur after it has been sanctioned, neither the promoter nor the boxers shall be entitled to reimbursement of any of the amounts paid for the sanction of the fight, except for duly justified causes of force majeure, to be determined in the sole discretion of the Chairman.
37. **Fee Collection.** The Chairman and the Treasurer shall be responsible for collecting all promoter registration and sanction fees related to sanctioned contests.
38. **Officials.** The Association shall keep an updated list of officials qualified to act in a sanctioned bout. The President shall appoint bout officials.
39. **Insurance.** All officials appointed by the President shall be protected by a policy for accidental death for the appointed bout, and Supervisors shall be covered by a life insurance policy against accidents while carrying out duties at a sanctioned fight.
40. **Compensation of Officials.** Officials shall be compensated as set out in Appendix D, which may be amended at the discretion of the President. No official shall receive any other compensation for services in a sanctioned bout. Officials must receive their compensation no later than the date of the bout.
41. **Supervisor.** The President shall attend, or shall appoint a member of the Directory to represent him, as the Supervisor for sanctioned bouts. The Supervisor shall assist the local commission to carry out the fight and to ensure that all Association rules are followed. In exceptional circumstances, when a directorate member cannot serve as a Supervisor, the President may appoint a member who is not on the directorate. The Supervisor must report on the fight for which he was appointed within ten (10) days from the bout.
42. **Supervisor Authority.** During a sanctioned contest or its related preliminary matters, a Supervisor is empowered to resolve unforeseen issues that require

an immediate decision. The Supervisor's decision in these exceptional cases is irrevocable.

43. **Travel.** The promoter shall provide or reimburse Business class airfare as well as meals and hotel accommodation in a first class hotel for the Supervisor. Unless otherwise agreed to, the Supervisor and officials must be at the city or metropolitan area where the bout will take place three (3) days prior to the fight.
44. **Drugs.** The President may suspend any Association member involved in illicit drug use or distribution.
45. **Drug Testing.** The President may determine conditions for drug tests, or appoint a committee to do the same. The Association may order periodic drug tests for any boxer who has tested positively for illicit drugs. No boxer who has tested positively for prohibited substances can be rated, retain a title, or be permitted to fight in a sanctioned bout for a period of no less than six (6) months from the date of the positive test.
46. **Special Permits.** Strict application of these rules may be suspended or modified when the Association deems them justified in its sole discretion to accommodate special circumstances, to unify championships or to establish a Super Championship. In such cases, the Association will consider a request for Special Permit (or Exception) for any reasons including, but not limited to, the following:
 - a. To engage in an optional title defense otherwise barred by a mandatory defense requirement, or to fight someone not the mandatory or leading available contender;
 - b. To fight for a title in a different weight division for the Association or for another sanctioning body;
 - c. To engage in a non-title bout;
 - d. To unify an Association title with that of another organization;

- e. To engage in a bout of recognized importance and significance for the boxing world;
- f. To establish a Super Championship; or
- g. To extend or otherwise modify a mandatory defense period.

47. **Considering Special Permits.** Special permits may be granted, denied, or granted conditionally for good cause. They shall be approved by a two-third vote of the Championship Committee and the consent of the President. The Committee and the President in their sole discretion shall consider the best interests of boxing, the purposes and policies of the Association, and such other factors that may be relevant, and shall make their best effort to balance competing interests. The Association is not obliged to grant a request for Special Permit. When approving a request, the Association may require such conditions as it deems necessary to protect the interests of the Association and affected boxers.

Requests to engage in a title unification bout shall be given special consideration, and the committee and President may give greater weight to the reasons and arguments for such requests, in recognition of the interest of the boxing community to effectuate title unifications. In addition, in the establishment of a Super Championship, the provisions of Rule C.18, and other relevant Rules, shall apply.

48. **Special Permit Fee.** A request for special permit must be accompanied by payment to the Association of a non-refundable fee of \$12,000 (US), unless the fee is waived in whole or in part by the President in his sole discretion for good cause shown.

49. **Special Permit Consideration.** Special permit requests shall be made in the form prescribed by the President, and a copy shall be provided by the applicant to other boxers known to be materially affected by the request. The Association shall use reasonable efforts to provide such other boxers adequate

time and opportunity to comment on the request before a final determination is made. Generally, only a champion may request a special permit. A boxer who is not a champion may request a special permit, but only if allowed to do so by the President. As a condition of granting a Special Permit, the Permit applicant shall agree in writing to defend, indemnify, hold harmless, and otherwise reimburse the Association for any damages, fees and costs relating to a grant of the request, including, but not limited to, legal fees and other fees and costs. Permission to engage in a bout for a Super Championship or to unify a title may be considered without the necessity of filing a request for special permit.

50. **Rated Boxer**. A rated boxer has no right to fight any specific boxer.

D. PURSE BIDS

1. **Call For Purse Bid.** Bout participants shall reach an agreement on holding the bout no later than ninety (90) days before the expiration of the mandatory period. To confirm an agreement has been reached, the WBA must receive acceptable bout contracts signed by the boxers certifying they have reached terms for the bout. If no agreement has been reached, the Championships Committee, with the approval of the President, can call for Purse bid. A boxer may also request a purse bid at any time.
2. **Notification of Purse Bid.** The Chairman of the Championships Committee shall notify each Registered Promoter of the call for Purse Bid. Notification of the call for Purse Bid shall include names of the relevant boxers, weight class, the date for bids to be accepted, and the time and place of bid opening. The date set for the Purse Bid opening will be at least 10 days from the date notification is given, unless a shorter time is necessary due to extraordinary circumstances. Once notification of the call for Purse Bid is issued, the Purse Bid will not be cancelled except for extraordinary reasons.
3. **Purse Bid Participation.** Only Registered Promoters in good standing with the Association on the date on which notification of the call for Purse Bid is given may participate. The President may grant an exception to this Rule. Additionally, each Registered Promoter shall pay a non-refundable fee to the Association of \$5,000.00 (US) to participate in a Purse Bid.
4. **Form of Bids.** Bids shall be directed to the President or the person whom he appoints to conduct the bid opening on the day and at the time and place indicated in the call for Purse Bid. To ensure the integrity of the bidding process, a Registered Promoter or a representative must personally submit a written bid in a sealed envelope. No bid will be opened until all bids to be considered have been submitted. All bids will be kept confidential until the Director of the Purse Bid

properly opens them. A bid opening may be cancelled by the Chairman in special circumstances, and according to conditions set by him.

5. **Bid Forms**. In order to standardize the bidding procedure, the Championships Committee shall prepare forms containing bid requirements. These forms will be made available to promoters, and must be properly completed and submitted to the director of the Purse Bid on the day of the bidding.
6. **Bid Content**. The forms shall contain the following information:
 - a. Amount of the Bid. The purse amount shall be the total amount of each boxer's purse.
 - b. Date of the Fight. The date on which the fight will be held shall be no more than ninety (90) days nor less than forty-five (45) days from the date of the Purse Bid.
 - c. Site of the Fight. No more than three (3) places (cities or metropolitan areas) where the fight may be held.
 - d. Tickets. Assurances that the winning promoter shall furnish a minimum of five (5) airline tickets in economy class to the champion from his residence or training camp to the place of the bout, and the challenger with four (4) tickets in economy class. In case the fight is for a vacant title, both boxers shall receive four (4) tickets.
7. **Warranty Deposit**. The bid must be accompanied by cash, certified check, or cashier check payable to the World Boxing Association, in legal currency of the United States of America (US Dollars) for the amount equivalent to at least ten percent (10%) of the total Purse Bid. This amount shall be submitted in a sealed envelope. Refunds can be made only to the person who submitted the bid.
8. **Minimum Amounts**. The required minimum bid amounts are found on the attached Appendix E. Minimum bid amounts may be reduced by the President when justified by special circumstances.
9. **Disbursements of Bids Proceeds**. The boxers' Purse shall be distributed as follows:

- a. 75% to the Champion and 25% to the Challenger.
 - b. 50% to each contender in the case of vacant titles or elimination bouts.
 - c. 55% to the Champion in Recess and 45% to the Interim Champion, in the event of such a bout.
10. **Winning Bidder**. The Registered Promoter submitting the highest qualified bid shall be awarded the bout. If the highest bid amounts are identical, the two highest Promoters will be requested to resubmit new bids within sixty (60) minutes of the last bid opening. This procedure will continue until a winning bidder is determined. Under these circumstances only, the winning Promoter's deposit intended for the original bid will be accepted contingent upon any remaining funds being due for a new bid being deposited with the WBA within seven (7) days. The Promoter's deposit will be returned to the Promoter after the bout takes place and all bout obligations have been met, less any applicable fees, costs or expenses.
11. **Purse Offer Contracts**. The Promoter winning the Purse Bid shall have all bout contracts properly signed and delivered to the Championships Committee Chairman no later than twenty (20) days from the date on which the winning bid is awarded. The contract shall include all elements required by these Rules, including the date and place for the bout. If the parties cannot agree on remaining terms of a bout contract, those terms shall be prescribed by the President.
12. **Timing of the Bout**. The bout shall be scheduled to take place not less than forty-five (45) days and not more than ninety (90) days from the date of the bid award, unless a different date is agreed to by the boxers and approved by the Championships Committee, or is otherwise approved by the Championships Committee to meet exceptional or unforeseen circumstances.
13. **Non-Transfer**. The winning promoter may not transfer his obligations or rights to a third party or parties without the approval of the President.
14. **Failure to Promote a Bout**. If a winning promoter fails to meet any of the requirements to promote the bout in accordance with these rules, the right to

promote the bout will be revoked and may be granted to the promoter who made the second highest qualified bid. In the event the promoter originally winning the bid does not promote the bout according to the terms of the winning bid, the promoter's deposit is forfeited. The Association shall retain ten percent (10%) of the deposit, and the remaining ninety percent (90%) shall be distributed as follows:

- a. Seventy-five percent (75%) to the Champion and twenty five percent (25%) to the Challenger;
- b. Fifty percent (50%) for each boxer in the case of a vacant title; and
- c. Fifty-five percent (55%) to the Champion in Recess and forty-five (45%) to the Interim Champion.

15. **Failure to Sign.**

- a. If the champion does not sign a bout contract within the required twenty (20) day period after the bid award, or refuses otherwise to participate in the bout for the winning promoter, he shall be considered in violation of these Rules, and may have his title vacated.
- b. If a boxer does not sign a bout contract within the required twenty (20) day period after the purse offer, or refuses otherwise to participate in the bout for the winning promoter, the boxer will be considered in violation of these Rules, and may forfeit his status.

16. **Failed Bid.** If no qualified bid is received in response to the first purse bid request, or if the winning promoter or a boxer identified in the purse bid award fails to comply with these Rules, the Committee may request a second purse bid. In the case of a title defense, if no qualified bid is received in response to a second purse bid, the Chairman may vacate the title and the position of mandatory contender.

17. **Multiple Failed Bids.** In the case of a vacant title, if there are two failed purse bids, the affected boxers may lose the privilege that their position in the rankings gave them to compete for the title. The Chairman may summon immediately a third Purse Bid for the two boxers who were to participate in the deserted Purse Bids

and also two other rated boxers, named by the Committee. Bids may be made for a title fight between any two of the four boxers, and the boxers named in the highest responsive bid shall fight for the title.

E. CONTEST RULES

1. **Application**. The Contest Rules apply to all bouts sanctioned by the Association. A boxer may be disqualified for failure to adhere to any Contest Rule. The Rules may be modified in certain respects for women bouts.
2. **Bout Duration**. All sanctioned bouts shall be scheduled for twelve (12) rounds. Each round shall be scheduled for three (3) minutes duration with a one (1) minute rest between rounds.
3. **Scoring**. The judges shall score and decide the result of a bout using the “Ten Point Score System”. The winner of a complete round shall be entitled to ten (10) points and the opponent to a proportional smaller number. Rounds may be scored even if a Judge cannot determine a winner of the round. All rounds must be scored, even when incomplete. A score should not be less than ten (10)-seven (7), unless a different scoring system is mandated by law or is applicable to a unified title bout, or the referee has taken away points. Scores will be announced only at the end of a bout.
4. **Deducted Points**. When one or both contenders have points deducted, the judges will register the deduction on their scorecards. If a fight must be stopped in a round where points were deducted and it is necessary to go to the scorecards, the points deducted by the referee in that round shall be considered.
5. **Weighing**. The official weigh-in and rules review for a sanctioned bout shall be carried out between 16 and 30 hours before the bout. The Supervisor may require the boxers or their agents at the time of the rules review to certify in writing that they have agreed to the terms of the bout and the WBA Rules and Regulations.
6. **Scale**. The scale to be used at the official weighing shall be available to both boxers at least two (2) hours before the official weighing time.

7. **Delayed Bout.** If a sanctioned bout is delayed more than 48 hours, additional weighing is required.
8. **Making Weight.** If a boxer fails to make the required weight limit at the official weighing, he shall have two (2) additional hours to make the prescribed weight. He shall make his best effort to reduce his weight accordingly.
9. **Failure to Make Weight.**
 - a. The Association may penalize any boxer who fails to make weight by imposing a monetary fine, and demoting or suspending the boxer.
 - b. If a champion makes weight and a challenger fails, the champion shall retain the title, even if he loses the bout.
 - c. Should both boxers fail to make weight after the two (2) additional hours given, the title shall be declared vacant, and the bout may be staged as a non-title match. Both boxers shall be subject to removal or demotion in the weight division.
 - d. Should a champion fail to make weight after the additional two (2) hours period, he shall lose his title. If the challenger makes weight, and the challenger wins the bout, he shall be crowned the new champion. If the champion who did not make the weight is the winner of the fight, the title shall be declared vacant.
 - e. Absent contractual provisions to the contrary, if the bout takes place, a boxer who does not make weight after the two-hour extension shall forfeit 35% of his purse, with 25% going to the promoter and 10% to his opponent. A boxer who refuses to attempt to make weight during the two-hour extension shall forfeit 45% of his purse, with 30% going to the promoter and 15% to his opponent.
 - f. To the extent applicable, the same rules apply to an eliminator or other sanctioned bout.

10. **Downed Boxer**. A boxer shall be considered "down" when, as a result of a legal blow, any part of his body, except his feet, makes contact with the floor of the ring, or when he hangs helplessly over the ropes.
11. **Knockdown**. When a boxer is knocked down, the referee shall order the opponent to retire to the farthest neutral corner of the ring in relation to the down boxer, pointing at such corner, and he shall immediately count the seconds in a loud voice, with a movement of his arm, taking the count from the timekeeper. If the boxer refuses to go to the farthest corner determined by the referee, or does not stay there, the referee shall stop the count to the down boxer until his opponent retires to the indicated corner, and then the referee shall continue with the count starting from the point from which it was interrupted. If the downed boxer does not rise before the count of ten (10), he will be declared the loser by KO (Knockout), and the referee shall make it known by waving both arms. A boxer who rises and can continue the bout shall receive a minimum count of eight (8) seconds.
12. **Automatic Knockout**. Three (3) knockdowns in the same round constitute an automatic knockout.
13. **Outside of the Ring**. A boxer knocked through the ropes onto the ring apron will be given ten (10) seconds to regain his feet and get back into the ring. If under the same conditions a boxer falls through the ropes onto the floor, clear of the ring, he will be given twenty (20) seconds to get back into the ring and regain his feet, unassisted by any of his cornermen. In either situation, the referee may rule a knockdown. If the boxer is assisted by a cornerman, he shall be disqualified. If the boxer is assisted by anyone other than a cornerman, the referee shall determine what action shall be taken.
14. **Knockdown at End of Round**. The referee shall count the seconds to a downed boxer even after the bell. If the downed boxer fails to rise before the count of ten (10), he shall be declared loser by KO in the round that has just finished.

5. **No Saved by the Bell.** A boxer legally knocked down cannot be saved by the bell in any round.
16. **End of Round Blow.** A blow given at the same time as the bell rings will be considered a legal blow.
17. **Fouls.** The referee shall prevent accidental and intentional fouls, including headbutts. The referee is the only person authorized to stop the fight and to decide whether an injury was caused by a foul. Intentional fouls may result in a loss of points or disqualification, subject to the referee's discretion.
18. **Late and Low Blows.** In case of an accidental low blow or other accidental blow after the bell, the referee shall determine if the boxer who received the blow may continue the fight. Because the protector used by a boxer is considered sufficient protection, a bout cannot be terminated by a low blow. If the capacity of the boxer has not been endangered as a result of the blow, then the referee shall order the fight to resume, after an interval which is subject to the referee's discretion but which shall not exceed five minutes. A boxer unable or unwilling to resume the fight after the referee orders him to resume fighting shall lose the fight by Technical Knockout (TKO).
19. **Serious Injuries.** When an injury produced by a fair blow is so serious that the bout cannot continue, the injured boxer shall lose the fight by TKO.
20. **Terminated Bouts.**
 - a. **Intentional:** If a boxer is injured as a result of an illegal intentional blow and cannot continue fighting, the offender boxer shall lose the fight by disqualification. If as a result of an intentional illegal blow a boxer causes an injury to his rival, the referee shall take a mandatory and automatic two (2) point deduction from the offender. If as a result of that injury the referee determines that the injured boxer cannot continue fighting in later rounds, the result of the bout shall be determined by the judges' scorecards as long as four rounds have been completed. If the injured

fighter is ahead on the scorecards, he will be declared the winner by technical decision. If the injured fighter is behind or drawing on the scorecards, the fight shall be declared a technical draw. If the situation described in the above paragraph occurs before the completion of the fourth round, the fight shall be declared a no decision or a draw. If a boxer injures himself by attempting to commit an intentional foul to his rival, the referee shall not take any action in the offender's favor and the injury shall be considered as a result of a legal punch.

b. **Accidental:** If a boxer is accidentally injured and cannot continue fighting before the completion of the fourth round, the fight shall be declared a technical draw. If a boxer is accidentally injured and as a result the referee determines that he cannot continue fighting in that or later rounds, the result of the fight shall be determined by the judges' scorecards as long as four rounds have been completed. The fighter ahead on the scorecards shall be declared the winner by technical decision. If there is a draw in the scorecards, the bout shall be declared a draw.

21. **Referee's Authority**. The referee shall exercise immediate authority, direction, and control over the fight to which he has been designated, and it shall be his responsibility to enforce the rules and regulations governing the bout. The referee shall be the only authorized person to determine if a foul has produced an injury, and if it was accidental or intentional. The referee shall have the authority to stop a fight and make a decision if he considers that the bout has become dangerously one-sided, or if any of the boxers is in such condition that if the fight continues he is likely to suffer serious injury. He may disqualify a boxer or cornerman. He may consult the physician in attendance on whether the contest should be stopped.

22. **Ringside Physician**. The ringside physician may only step up to the ring between rounds or when requested by the referee. He will give his opinion discreetly to the referee and avoid any gestures or signals that could be erroneously interpreted by the public.
23. **Medical**. The local commission or governing authority will determine the number of doctors and medical equipment required for the bout, and the necessity and rules for medical and drug testing. The Medical Guidelines are advisory only.
24. **Drugs**. Use of unauthorized drugs or stimulants by a boxer is prohibited. The Association encourages drug testing of the boxers in any sanctioned contest. The list of prohibited substances is as published by the International Olympic Committee (IOC) or other agency as authorized by the WBA Medical Advisor. The Supervisor's report shall address whether the local commission required drug testing and the circumstances of any drug testing. The Supervisor may observe drug tests, but the Association itself will not conduct such tests.
25. **Allowed Substances**. An authorized homeostatic may be allowed to control bleeding of minor cuts or lacerations. Homeostatic solutions based on iron, such as Monsel solution, and other caustic solutions are prohibited. The ringside physician is authorized to examine for such substances during the fight. During the fight, boxers may only ingest water. The discretionary use of petroleum jelly around the eyes shall be allowed.
26. **Gloves**. The weight of the gloves to be used in world championship bouts shall be as follows:
 - a. From Super Welterweight up to and including Heavyweight: ten (10) ounces.
 - b. From Minimum up to and including Welterweight: eight (8) ounce gloves.

If the bout contract does not identify the brand of gloves to be used, the brand shall be determined by the Local Commission.

27. **Taping and Bandaging**. The following standards shall apply to taping and bandaging of hands, although the local commission and referee may allow variations.
- a. The binding of the surgeon's tape must not be applied less than one (1) inch from the knuckles of the contender's hands. A boxer may use his bandage as he likes, provided that the knuckles of his hand are not covered by the surgeon's tape.
 - b. Bandage requirements are as follows:
 - (1) In all categories up to and including Middleweight: the bandage shall be of no more than ten (10) yards of soft gauze, no more than two (2) inches wide, and no more than six (6) feet of surgeon's tape of one inch for each hand.
 - (2) In all categories between Super Middleweight and Heavyweight: the bandage of the hand shall be of (12) yards of soft gauze of no more than two (2) inches wide, and no more than one inch wide of (8) feet of surgeon's tape, one inch wide, for each hand.
 - (3) In all divisions up to and including Super Middleweight, the hand bandage can be increased to a maximum of twelve (12) yards and no more than two (2) inches wide, and eight (8) feet of surgeon's tape of one (1) inch for each hand.
 - (4) In all divisions from the Light Heavyweight to Heavyweight, the hand bandaging can be increased to a maximum of fourteen (14) yards and no more than two (2) inches wide, and ten (10) feet of surgeon's tape of one (1) inch for each hand.
28. **Ring**. The rings to be used in any World Championship bouts shall measure no less than eighteen (18) feet (5.486 m) and no more than twenty-four (24)

feet (7.315 mm) long for each side between the ropes. The ring floor shall extend further the ring no more than eighteen- (18) inches (457,2 mm). The ring padding shall consist of one (1) inch layer of "Ensolute Boxing Ring Pad" or similar material applied over one-inch base of Celotex Building Board or similar material. The padding shall be covered with canvas, drill or similar material tightly tied under the platform.

All boxing rings must be equipped with four parallel ring ropes each no less than one (1) inch thick in diameter. Such ropes shall be manila, synthetic, or plastic rope or any similar material and shall not be made of metal of any type. The first rope shall be eighteen (18) inches above the ring rope, the second rope shall be thirty (30) inches above the ring floor, the third rope shall be forty two (42) inches above the ring floor, and the fourth rope shall be fifty four (54) inches above the ring floor.

These general standards may be adjusted for a bout with the approval of the local commission and referee.

29. **Mouthpiece.** All boxers are required to wear a mouthpiece during competition. A second mouthpiece must be available from a boxer's second. If a mouthpiece is dislodged during competition, the referee will call time and replace the mouthpiece at the first opportune moment, without interfering with the immediate action. Points may be deducted by the referee, if he feels the mouthpiece is being purposely spit out.
30. **Protector.** A protector (belt and cup) shall be required for boxers participating in sanctioned fights. The protector shall not exceed the navel or the superior anterior iliac spine. The trunks shall go one (1) inch over the protector. Boxers shall have the trunks and protector available at the weighing ceremony so that the supervisor or referee may approve or disapprove them. Before beginning the fight, the referee will verify that both contenders use their protectors below the navel.

31. **Seconds**. Each contender shall be allowed no more than three (3) seconds (cornermen), one of whom shall be the principal second responsible for behavior in the corner during the bout.
32. **Highlights Document**. The President may issue a document entitled “Highlights of Contest Rules” (or Contest Rules Summary), for use by officials and boxers, summarizing the rules applicable to a sanctioned contest.
33. **Officials**. If appointed by the President, the following shall represent the Association at sanctioned contests: a Supervisor, a Referee, and three judges. In emergency cases when one or more of the three appointed judges is unable to carry out his duties, the Supervisor may appoint another Association member, including the referee, to serve as judge.

F. REQUESTS FOR RATINGS INFORMATION, RECONSIDERATION OR APPEALS

1. **Ratings Reconsideration**. A person directly affected by a decision of the Ratings Committee may file a formal Request for Ratings Information or Request for Reconsideration, or both.
2. **Championships Reconsideration**. A person directly affected by a decision of the Championships Committee may file a formal Request for Reconsideration.
3. **Informal Requests**. A person may also make informal requests for information from the Association, and such are not covered by these rules.
4. **Request for Ratings Explanation (Ali Act Request)**. The following procedures apply to a boxer's request for the rationale (or explanation) his rating, when filed under the terms of United States statute (15 U.S.C. §6301 et seq.). In order for such a request to be considered to have been filed under the terms of that statute, the request must be made in the form and according to the procedures set out here.
 - a. The request must be in writing and include all of the following:
 - (1) A statement by the boxer or an authorized agent of the boxer setting out the request for explanation of the Association's rating of the boxer. The statement must be signed by the boxer.

Committee and the designated legal counsel may be found on the Association's website.

c. Within seven (7) days after receipt of a request that conforms to the requirements set out above, the Association will respond in writing explaining the rationale or basis for its rating of the boxer in question.

d. After receiving the answer of the Association in response to the request, the boxer making the request, or his agent, may then file a request for reconsideration of the rating. The request for information by itself shall not be deemed to constitute either a request for reconsideration, or an appeal, of the rating.

5. **Request for Reconsideration**. The following procedures apply to a request for reconsideration from a boxer regarding a rating or a decision by the Ratings or Championships Committee.

- a. The request must be in writing and include all of the following:

- e. A request must include a concise statement of the subject of the request, the grounds on which the request has been brought, arguments in support of the request, and identification of other persons with a material interest likely to be affected by a decision granting or denying the request.
- f. The Chairman of the respective committee may require further information from the requestor, as well as from anyone whom the Chairman has reason to believe may have relevant information or comments related to the subject of the request. In the case of a request regarding a rating, the filing of a request places the affected boxer's rating under review. The Chairman shall consult with his Committee and have the Committee vote on the request. He shall issue a decision on the request, setting out whatever findings, conclusions, or application of the Rules or other legal authority the Committee deems to be applicable to consideration of the request.
- g. After receiving the answer of the Association in response to the request, the boxer making the request or on whose behalf the request was made may then file an appeal of the decision. The request by itself shall not be deemed to constitute an appeal. An

appeal must comply with those sections dealing with appeals, and may not be considered unless all applicable administrative procedures have been met and all administrative reviews have been exhausted..

6. **Appeals**. A person may appeal any of the following actions by a Committee, the Directorate, or the President:
 - a. A decision of the Ratings Committee regarding a Request for Reconsideration;
 - b. A decision by the Championships Committee regarding a Request for Reconsideration; or

It must be accompanied by the following fee, which is intended to cover the reasonable costs of the Association in conducting procedures related to the appeal:

- a. \$5,000 US for members, and
- b. \$10,000 US for non-members.

The President may waive payment of all or part of the required fee for good cause. Failure to file a Request for Reconsideration or Appeal within the time periods set out in these rules shall constitute a waiver by the boxer and his agents of any and all rights and claims. No additional or alternate remedy may be sought from a court of law.

12. **Documents.** The Panel Chairman will distribute all materials submitted on behalf of, and in response to, the appeal to all panel members, and shall use reasonable efforts to assure that the appellant and all persons who make an appearance obtain, and have an opportunity to respond to, submitted materials.
13. **Standard and Decision on Appeal.** The appeal panel shall review the appealed decision *de novo*. An appeals panel shall submit a preliminary decision to the President. The preliminary decision shall describe the appeal, identify those parties who participated, and provide a statement of the findings and conclusions of the panel. It shall also provide the President a record of the appeal, which may include a summary. In rendering a preliminary decision, the panel shall apply the Association Rules and any applicable law. Based on the record presented to him for his review, the President may adopt in whole or in part the preliminary decision, and may modify it before approving it. He may also remand it to the appeals panel for further consideration. A preliminary decision once approved by the President becomes a final decision, and shall be sent to the appellant and any party of record.
14. **Non-Binding.** Preliminary and final decisions may be considered, but are not binding precedent, in any subsequent decision or appeal.
15. **Report.** The President, or a Director designated by him, shall report at the annual general assembly on each appeal for which a decision was rendered in the previous year.
16. **Additional Costs.** In those instances when an appeal has resulted, or may result, in unusual or extraordinary expenses to be considered properly, the Chairman of the appeals panel may require the payment by the appellant of additional reasonable costs.

17. **Finality**. Neither a boxer nor his agent may seek relief in any court of a matter subject to appeal unless he has exhausted the administrative remedies provided in these Rules.
18. **Litigation**. Any boxer, promoter, manager, or other person or entity who requests, benefits from, or is affected by a rating or sanction, or who asserts a claim or right, or requests relief arising from the Association's Constitution, Bylaws, or these Rules (hereinafter "Parties"), hereby agrees and consents to the following:
 - a. **Applicable Law**: The laws of the State of Washington, United States of America, govern.
 - b. **Venue**. Venue shall lie in the courts of Pierce County, State of Washington, United States of America.
 - c. **Duty to Protect, Defend, Hold Harmless and Indemnify**. If the Association becomes a party to any legal proceeding as a result of any Party's action or omission, the Party shall defend, indemnify, and hold harmless the Association, its employees, officers, directors, and agents, for all claims, damages, costs and expenses incurred therein by the Association.
 - d. **Limitation of Liability and Disclaimer**. In no event shall the Association be liable to any Party for punitive, consequential, direct, or indirect damages, including, but not limited to, lost profits, loss of earning capacity, delay, interest or attorney fees, directly or indirectly resulting from any act or omission of the Association, its employees, officers, directors, or agents.
 - e. **Exclusive Remedy**. The sole and exclusive monetary remedy for any Party for alleged acts or omissions of the Association shall be limited to a return of reasonable fees, expenses, or costs the Party has paid to the Association giving rise to the Party's claim.

If the time of the sample taking is not indicated, it shall be understood that it shall take place at the end of the bout.

The boxer shall have the right to have his representative and/or trainer present at the sample taking process. Nevertheless, even if they do not make use of this right, the sample shall retain all its value. The boxer shall produce the sample before the doctor assigned to the bout or his substitute, a member of the local commission, and the supervisor of the fight. When, due to circumstances beyond control, the supervisor of the fight or the member of the local commission could not attend to the sample taking, it shall be carried out with the doctor and any of the two present, and it shall retain its entire legal value.

In case they would refuse to do so, a record of this shall be kept and the test shall not lose its value. The boxer shall be allowed to drink liquids while he waits for the sample taking. If the World Boxing Association supervisor or the Commission's representative suspects this liquid was taken for the purpose of altering the results of the tests, they could order the analysis of said

substance. Should the laboratory analysis prove that the administered liquid did contain substances, which could alter a positive result, the result of the test shall be considered a positive one.

The volume of urine samples shall be of 75 mls. or more. If the boxer cannot provide enough urine, the procedure shall be repeated after he has taken as much liquid as desired, but he shall not be allowed to leave the place where the test shall be performed, until he has provided the established amount of urine.

The identification of the substances shall be done, preferably, through the combined use of high contrast chromatography and its rectification immune sample. The identification of substances could also be done by any other means indicated and accepted by the Medical Advisory Committee or the World Boxing Association. The sanctions due to positive results of drug control tests shall be as follows:

The Executive Committee shall take the respective decision. Nevertheless, when one of the aforesaid individuals or entities in this disposition comes under investigation by any competent authority, the World Boxing Association, through its Executive Committee, shall take the temporary measures which it deems convenient, including, the suspension related to the investigated person or institution, should it be deemed necessary in order to protect the image and integrity of the Association.

To ignore this regulation, once approved, cannot be used as an excuse for its unfulfilling nor it exempts its application of the respective measure applied to each case. The World Boxing Association shall establish a permanent campaign for the prevention and education of drug problems in sports.

ARTICLE 14

HEMOSTATICS

The discretional use of hemostatics such as adrenaline solution at 1x1000, shall be allowed in order to control the bleeding of minor cuts or lacerations, suffered by the boxers during the bout. The use of hemostatics solution, or the use of any other caustic solution is prohibited.

The usage of these prohibited substances constitutes a sufficient cause for a disqualification.

ANTECEDENTS (SOME HISTORY)

The World Boxing Association is a Non Profit Organization founded in 1920 with the name of NATIONAL BOXING ASSOCIATION, which in 1962, under the Presidency of Dr. Charles F. Larson, adopted the name of World Boxing Association, as a REAFFIRMATION OF its unquestionable condition as universal rector of professional boxing.

We have not been able to establish since when the organization initiated the ratings lists, nor whose responsibility was it before 1948. Since then, up to the present, the following have been the Chairmen of the Ratings Committee:

The BOXING ILLUSTRATED Magazine, we cannot recall the year, was chosen as the official publication vehicle of the Rating List, and it declared itself being proud of such designation, and pointed out on that occasion, that this list was the only one authorized and responsible. However, until June 1959, The BOXING ILLUSTRATED published, besides the N.B.A. lists, its own list, made by Mr. Eddie Borden, with the purpose of giving its readers the opportunity to make comparisons.

According to this publication, Eddie Borden, its rater, was a famous world authority in professional boxing, and considered him as the man who had initiated the boxing ratings thirty years ago.

Upon the arrival of Anthony Petronella, with previous experience in the Ratings Committee (1948 - 1954) and former President of the N.B.A. (1954 -1955), the magazine continued publishing the N.B.A. ratings and later those of the W.B.A., omitting its own lists. Since 1959 up to the present, the W.B.A. and the magazine's ratings are being published in separate pages.

In 1989, due to the modern technology facilities of fast communication, some collaborators have been chosen on different places of the world, to whom the ratings are sent at the moment of the elaboration, they are in charge of reproducing them and giving them away in the area. To them our recognition.

During many years, the work of ratings was according to the judgment, experience and personal opinion of the Chairman of the Ratings Committee without any parameters and general rules that could guide in the accomplishment of an objective and standardized evaluation in the determination and hierarchization of the position of the boxers in our official list of ratings.

It was not until the period 1978-79, when for the first time a project denominated "Norms and Procedure for Ratings" was elaborated, and even though it was not perfect, since then, it has permitted us to present over a solid, objective and just, as well as uniform basis, the guidelines followed in the elaboration of the official list of Ratings. The present work simply constitutes a revised and actualized reproduction of the one presented at the LVIII Annual Convention of the World Boxing Association held in Miami on September 1979. We will transcribe the text of the Minute where this manual was presented, considered and approved. The page 28 of the Minute of the LVIII Annual Convention of the WBA says as follows:

“Mr. Mendoza prefaced his report by explaining the chart he was going to use for illustration purposes was patterned after what he had learned in Business Administration and one which was used by the Stanford Research Institute. The main points were when we plan for the future, we should consider two times - the present and the future -the past will simply be a reference point. He gave a

detailed account, using the chart to illustrate his points. Mr. Mendoza said he had handed out copies of his report in both Spanish and English and discussed at length the criteria used in determining how to rank the 10 best world boxers in the 13 categories of the W.B.A. on a monthly basis. The report also described the goal behind their work schedule in addition to the activities carried out by the Ratings Committee. Mr. Mendoza acknowledged that he and his committee were far from being perfect but he hoped the job would be better in the future. He gave the names of the members who comprised his committee and commended them for their efforts.

The discussion following the report included comments by Bob Arum, who said he had never seen a better manual prepared in all his years in boxing and if this were implemented and carried out, it would be a monument to Mr. Mendoza. Rodrigo Sanchez also congratulated Sr. Mendoza for his fine work and assured him he would do everything in his power to see that his manual was implemented during his administration.

Ron Hayter stated, **I WOULD LIKE TO MOVE THAT THE PROCEDURES GUIDE FOR RATINGS BE APPROVED.** Luis Barradas seconded it. " Mr. Hayter added how important it was to have ratings we respect and he strongly endorsed the guide-" lines composed by Mr. Mendoza. Ron Hayter addressed the Chairman, saying he believed the guide compiled by Mr. Mendoza will be a map they can follow in setting forth-credible ratings. President Galindez stated a motion was made to approve the report and repeated the motion: **THAT WE SHOULD USE THE RATINGS PROCEDURES PRESENTED TO US THIS YEAR BY THE RATING COMMITTEE,** The motion was unanimously approved.

The President was pleased that Mr. Mendoza had justified his faith in having chosen him for the job as Chairman of the Ratings Committee. He reviewed all the steps leading up to this time and said in more than 50 years, it had not been possible to establish set rules. The President stated he could not add anything

about Mr. Mendoza's work except to repeat what Bob Arum had said about it – "it is brilliant!" He referred to the Report of the Ratings Committee -formed in the period 1978-1979 by por H. O. W. Klopper, Ron Hayter, Gail Brown, Kozaburo Nagazto, Aureliano Rey Miododo, Francisco Fernandez-as the seed which boxing world needed and that it was, fortunately, the best thing he could leave to the W.B.A."

Similarly its original author GILBERTO MENDOZA has updated this work in 1983, 1992 and 1999.

In this opportunity –November 1999-and in the frame of the LXXVIII Annual Convention we introduced some modifications and improvements, which are the result of experiences obtained through its application. They are: a) The obligation of the N°1 contender to defend his position based on article 10.3 of the World Championships Regulations; b) Mandatory fights to determine the N° 1 and N° 2 positions in the ratings; c) The Vacancy of the N° 1 position of any of the divisions where the Ratings Committee considers it necessary; d) Adjustment of the promotion and demotion for the rated contenders from 10 to 12 and from 12 to 15; e) Five Point System for ratings evaluation, that will allow us to be more objective on the determination of a boxer's position in the ratings. This will undoubtedly improve the objective principle of this delicate and controversial work. The details of this system are explained in the point _____, page _____ of this manual.

In the publication of this manual called "Norms and Procedures for Ratings", also known as "MENDOZA'S MANUAL FOR RATINGS" as a recognition for the effort of its author has been considered by many specialists as a transcendental and revolutionary instrument in the history of the International Professional Boxing.

The present project does not pretend to be the "Perfect Procedure" towards the establishment of a ratings system.

It simply pretends to constitute itself in a rule of general guidelines that may serve as a device to determine an objective, precise and rational form, and the position of boxers in the WBA Ratings.

I hope this modest work, which has being updated to agree with the environment of today, called "NORMS AND PROCEDURES FOR RATINGS" presented and approved in the Convention of Miami, in 1979, and first updated in 1983 by its author, the President of the World Boxing Association, GILBERTO MENDOZA, contribute to the strengthening of the WBA and all of its members.

B. Norms.

The promotions which boxers rated in the WBA ratings deserve, will be governed by the TABLE OF PROMOTIONS N° 1, N° 2, N° 3, N° 3, N° 4, N° 5 and N° 6 that have been made for that purpose.

The type of decisions that are considered in the six-(6) tables mentioned before are identified as follows:

SD: SPLIT DECISION

UD: UNANIMOUS DECISION

TKO: TECHNICAL KNOCKOUT

KO: KNOCKOUT

The TABLES OF PROMOTIONS will be presented individually.
